Summer 2022

WisDOT Project ID: Project 8650-00-02/03/72/73
 Elmwood – WIS 64 (WIS 170 to WIS 64)
 WIS 128
 St. Croix County

The Wisconsin Department of Transportation (WisDOT) is in the process of gathering public input on a proposed improvement along WIS 128 between Glenwood City and WIS 64. We invite you to review the information contained here or on the project website at <https://wisconsindot.gov/Pages/projects/by-region/nw/wis128scc/default.aspx>. Comments received will be documented in the environmental review process. The WisDOT project team appreciates your participation and comments.

Project Description

The preferred project alternative includes resurfacing 6.12 miles of WIS 128, replacing a few structurally deficient culverts and upgrading curb ramps in Glenwood City to meet Americans With Disabilities Act (ADA) requirements. Ditch cleaning will be included in this project, along with other improvements like guardrail upgrades. The project limits are between the WIS 170 in Glenwood City and WIS 64. Minor real estate acquisitions are planned to complete the work. Anticipated construction for this project is 2025 with an advanceable date of 2024.

Proposed Traffic Impacts

The project will be using single-lane closures with flaggers for much of the project. The flagging operations will be used to perform mill/overlay work. A short-term detour will be used to perform railroad crossing work as well as culvert replacements.

Schedule

Preliminary design began.....February 2019
 Plans, specifications and estimate submittal.....Aug. 1, 2024 (Aug. 1, 2023 – Advanceable)
 Putting out to bid.....Nov. 12, 2024 (Jan. 9, 2024 – Advanceable)
 Begin construction.....Summer 2025 (Summer 2024 – Advanceable)

How to provide comments
