

I-39/90/94 Corridor Study

→ Section 4(f)

Special consideration for public parks, recreation areas, wildlife refuges and historic sites

Section 4(f) refers to the original section within the U.S. Department of Transportation Act of 1966 which provided for consideration of park and recreation lands, wildlife and waterfowl refuges, and historic sites during transportation project development. The freeway and interchange alternatives for the I-39/90/94 Corridor Study potentially impact six Section 4(f) properties, summarized below and illustrated in this handout. Tonight, we are seeking your input on the effects of study alternatives on these resources. Your comments will help the study team complete the analyses for the Environmental Impact Statement.

SUMMARY OF SECTION 4(F) IMPACTS

Property	Impacts
Glacial Drumlin State Trail (anticipated extension under I-39/94)	Temporary closure during construction to widen bridge
Baraboo River Waterfowl Production Area	1.1 acres temporary construction easement 0.3 acres acquired
Pine Island Wildlife Area	7.3 acres temporary construction easement 2.5 acres acquired
Mirror Lake State Park	1 acre temporary construction easement
Hulbert Creek Fishery Area	WIS 13 Split Diamond interchange alternative: 0.3 acres temporary construction easement 0.8 acres acquired
	WIS 13 Trumpet interchange alternative: 0.3 acres acquired
Rocky Arbor State Park	0.3 acres temporary construction easement 0.8 acres acquired

Q How can I provide feedback?

- 1 Use the comment forms available at tonight's meeting and hand them in to a project team member or mail them in with our provided self-addressed envelopes.
- 2 Provide comments via WisDOT's website at [tinurl.com/InterstateStudyPI](https://www.wisconsin.gov/tinurl.com/InterstateStudyPI). Scroll down on the web page to the **Comment now** link.
- 3 Submit comments and feedback to the I-39/90/94 Corridor Study Project Manager David Schmidt via email at David2.Schmidt@dot.wi.gov or (608) 246-3867.
