

2022 Badger TraCS Virtual User Conference Agenda

October 25 – October 26, 2022

Join us for the 2022 Badger TraCS User Conference hosted by the Wisconsin DOT's Bureau of Transportation Safety and Technical Services. The conference is held annually to provide current and future TraCS related topics, one-on-one TraCS support and an opportunity for law enforcement to network with other agencies.

Live Webcasts

Sessions will be livestreamed on Tuesday, October 25 and Wednesday, October 26. Time will be left at the end of each session to allow for questions and answers.

All webcasts will be recorded and posted to the Badger TraCS website after the live broadcasts.

Training Videos

Training videos spanning several topics are currently available on the Badger TraCS website. More videos will be added in the weeks before and after the live webcasts.

All training videos can be found on the Badger TraCS website, under the Training tab.

2022 Badger TraCS Virtual User Conference Agenda

October 25 – October 26, 2022

TUESDAY, OCTOBER 25

2022 TraCS General Session

9:00 - 10:30 a.m.

The General Session livestream will discuss plans for the next couple of years, touch on the Badger TraCS Hosted Environment, 64-bit requirement, Baseline, and new Help Desk ticketing system. [\[link to 2022 TraCS General Session\]](#)

DOJ Incident Form

10:45 a.m. - 12 p.m.

DOJ Staff will discuss the status of incorporating an incident form into TraCS that will comply with Wisconsin Incident-Based Reporting System (WIBRS) requirements. [\[link to "DOJ Incident Form" session\]](#)

Switch to Web Services

1:00 - 2:30 p.m.

This session will show users how to switch into a Web Services Environment through use of video, a live demonstration, and a Q&A at the end. [\[link to "Switch to Web Services" session\]](#)

WEDNESDAY, OCTOBER 26

Crash Form

9:00 - 10:30 a.m.

This session covers fatal crashes, general crash reporting, and proposed vehicle automation fields. [\[link to "Crash Form" session\]](#)

Access to SQL – Database Switchover

10:45 a.m. - 12 p.m.

This session examines the complete process to switch from Access to SQL agency, including a video, a live demonstration, and a Q&A at the end. [\[link to "Access to SQL – Database Switchover" session\]](#)

All Forms Overview

1:00 - 2:30 p.m.

This session looks at the features of all the forms in the TraCS suite, including external search, common features, and briefly explain how forms integrate with the Adhoc searches. [\[link to "All Forms Overview" session\]](#)
