Letting of July 10, 2018

This is Addendum No. 01, which provides for the following:

Plan Sheets:

Revised Plan Sheets	
Plan Sheet	Plan Sheet Title (brief description of changes to sheet)
31	The location of two of the solar powered chevron signs was modified to allow sufficient sunlight, which is required for the system to function properly. The original location of the signs was too close to the bridge and did not allow sufficient light to reach the solar powered system.

The responsibility for notifying potential subcontractors and suppliers of these changes remains with the prime contractor.

Sincerely,

Mike Coleman
