ADDENDUM NO. 01
1660-03-67, 1660-03-68, 5580-00-82
January 15, 2019

Special Provisions

4. Traffic

Replace the Project 1660-03-67 Traffic Staging, Stage 2 section with the following.

- **Stage 2** will consist of repair work to the middle portion of the structure. There will be an 11-foot width restriction in place during this stage.
 - **Stage 2 Work Zone Access** – the contractor will be allowed to add four work zone access points on B-12-27 and four work zone access points on B-12-28. Each access point will include the installation of one temporary crash cushion. The length of each opening will be 100', not including the temporary crash cushion. The length of the opening may be temporarily extended to accommodate larger construction equipment. The locations of the access points will be determined in the field by the contractor and approved by the engineer. No full depth deck repair shall be located within 55' of an access point. Secondary access point moves or additional access points shall be at the contractor's expense.

Schedule of Items

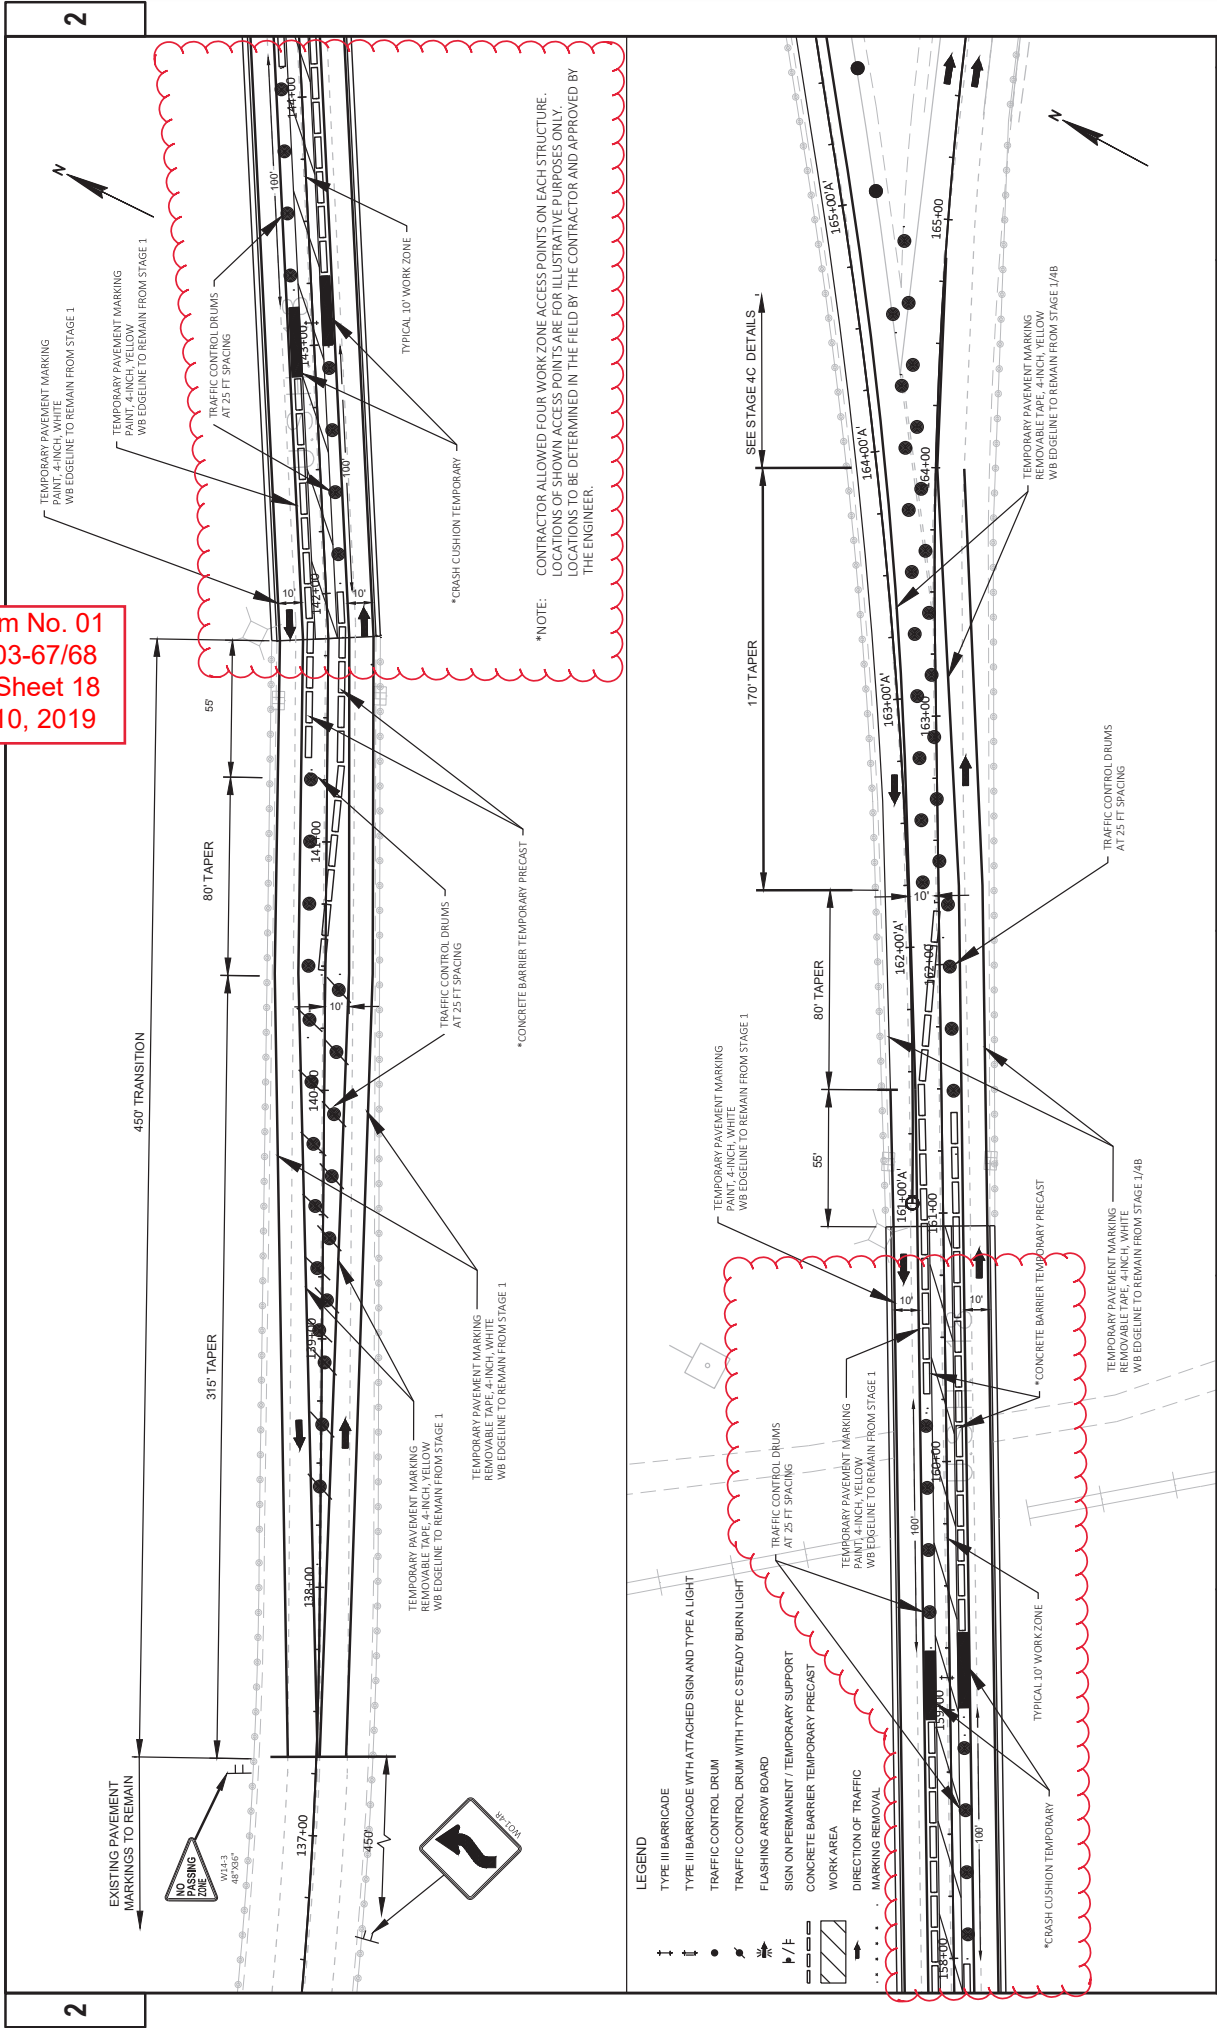

Attached, dated January 10, 2019, are the revised Schedule of Items Page 5.
