**July 8, 2021**

**Special Provisions**

**3. Prosecution and Progress.**

*Replace paragraph twelve with the following:*

**Paving Operations**

Due to the varying thickness and condition of the existing pavement, place the lower level HMA pavement within 72 hours of milling operations. Place the surface lift within 14 calendar days of paving the lower layer.

**4. Traffic**

*Replace paragraph nine with the following:*

Delays due to flagging may not exceed 10 minutes in any direction. The engineer will have the ability to suspend work activities in the event any undesirable traffic congestion develops that has the potential to cause lengthy motorist delay or unsafe workings conditions.
