

FACILITIES DEVELOPMENT MANUAL

Wisconsin Department of Transportation

TABLE OF CONTENTS

Chapter 17: Railroad Coordination

Section 17-1 Overview

- 17-1-1 General
 - 1.1 Originator
 - 1.2 Introduction
 - 1.3 Policy Interpretation
 - 1.4 Goal of Railroad Coordination
- Attachment 1.1 Terms and Abbreviations
- 17-1-5 The WisDOT/Railroad Partnership
- 17-1-10 The WisDOT/OCR Partnership
 - 10.1 Introduction
 - 10.2 OCR Powers

Section 17-5 Background

- 17-5-1 Sources and Types of Railroad Projects
 - 1.1 Improvement Projects
 - 1.2 Other Projects
 - 1.3 Railroad Status Report
- Attachment 1.1 Railroad-Highway Projects, Status Report Flow Chart
- 17-5-5 Relevant Statutes
 - 5.1 Introduction
 - 5.2 Legislation
 - 5.3 OCR Regulatory Activities
- 17-5-10 Negotiating Guidelines
- 17-5-15 Manuals and Textbooks
 - 15.1 Manuals
 - 15.2 Textbooks
- 17-5-20 Data Sources
 - 20.1 Introduction
 - 20.2 Background
 - 20.3 WisDOT Railroad Data File

Section 17-10 Agency Responsibilities

- 17-10-1 Role of the Region Railroad Coordinator
 - 1.1 Position Summary
- 17-10-5 Role of Project Managers
 - 5.1 Overview
- 17-10-7 Role of Local Program Management Consultant
 - 7.1 Introduction
 - 7.2 Pre-Design Contract Activities
 - 7.3 Design Contract Activities
 - 7.4 Post Design Activities
- 17-10-10 WisDOT
 - 10.1 Railroads and Harbors Section
 - 10.2 Transportation Regions
 - 10.3 Engineering Consultants
 - 10.4 Local Officials
 - 10.5 Summary Note
- Attachment 10.1 Principal Offices Involved with Railroad-Highway Projects
- 17-10-15 Office of the Commissioner of Railroads

- 15.1.....Background
 - 15.2.....Office of the Commissioner of Railroads (OCR)
 - 15.3.....WisDOT Role
 - 15.4.....OCR Hearings
 - Attachment 15.1....Preparation for Hearings
 - Attachment 15.2....Example Testimony
- 17-10-20Railroads
 - 20.1.....Personnel
 - 20.2.....Maps
 - 20.3.....Background
 - 20.4.....Work Arrangements
 - 20.5.....Maintenance
 - Attachment 20.1....Legal Names of Railroad Companies Operating in Wisconsin
- 17-10-25Federal Agencies
 - 25.1.....FHWA (Federal Highway Administration)
 - 25.2.....FRA (Federal Railroad Administration)
 - 25.3.....STB (Surface Transportation Board)
 - 25.4.....NTSB (National Transportation Safety Board)
- 17-10-30Local Government
 - 30.1.....Introduction
 - 30.2.....Negotiations and Agreements
 - 30.3.....Local Costs

Section 17-15 Types of Programs

- 17-15-1General Overview
 - 1.1.....Highway Improvement Program
 - 1.2.....WisDOT Safety Program
 - 1.3.....OCR Safety Program
 - 1.4.....STH Surface Repair
 - 1.5.....Signal Maintenance

Section 17-20 Implementing Projects

- 17-20-1General
 - 1.1.....Early Notification
 - 1.2.....The 86:13 Letter/Notification
 - Attachment 1.1.....Process that is followed for a Highway Improvement Project with a Railroad Crossing but No Railroad Work is Anticipated
 - Attachment 1.2.....Sample 86.13 Letter
- 17-20-5Project Scheduling
 - 5.1.....Introduction
 - 5.2.....The Master Contract Schedule
 - 5.3.....The Railroad Status Report
 - 5.4.....Scheduling Criteria
 - Attachment 5.1.....Estimated Minimum Lead Times for Railroad Projects
- 17-20-10The Agreement
 - 10.1.....Introduction
 - 10.2.....Overview
 - 10.3.....Railroad Project Submittal Package
 - 10.4.....OCR Petition
 - 10.5.....The Proposal Letter
 - 10.6.....The Agreement
 - 10.7.....Contents of the Agreement
 - 10.8.....Distribution of the Agreement
- 17-20-15Letter Agreements
 - Attachment 15.1....Sample of Letter Agreement with Railroad (Lump Sum)
 - Attachment 15.2....Sample of Letter Agreement with Railroad (Design Approval)
 - Attachment 15.3....Sample of Letter Seeking Railroad Approval of Contractor Work
 - Attachment 15.4....Sample of Letter Proposing WisDOT Work in Track Zone in Exchange for Railroad

Providing Flagging Protection

- Attachment 15.5.....Sample of Letter Proposing WisDOT Remove and Restore a Little-Used Track Crossing
- 17-20-20Detours and Haul Roads
 - 20.1..... General
 - 20.2..... Detour Options
 - 20.3..... Isolated Crossings on Safety Projects
 - 20.4..... Highway Improvement Projects

Section 17-25 Active Warning Device Projects

- 17-25-1General
 - 1.1..... Background
 - 1.2..... General
 - 1.3..... Process
 - 1.4..... Lead Times
- Attachment 1.1..... Sample Agreement for Highway-Railroad Grade Crossing Warning Devices
- Attachment 1.2..... Railroad Crossing Report Form, DT 1589
- 17-25-5Highway Improvement Projects
 - 5.1..... Introduction
 - 5.2..... Lead Times
 - 5.3..... Process
- Attachment 5.1..... Process that is followed for a Highway Improvement Project with an At Grade Railroad Component
- 17-25-10WisDOT Safety Projects
 - 10.1..... Introduction
 - 10.2..... General
 - 10.3..... OCR Involvement
- Attachment 10.1..... Process that is followed for a WisDOT Railroad Safety Project (RR Force Work Component)
- 17-25-15OCR Safety Projects
 - 15.1..... Introduction
 - 15.2..... General
 - 15.3..... WisDOT Assistance
- Attachment 15.1..... Process that is followed for an OCR Railroad Safety Project (RR Force Work Component)

Section 17-30 Crossing Surface Projects

- 17-30-1General - Criteria
 - 1.1..... Background
 - 1.2..... Maintenance / Repair / Refurbishing
 - 1.3..... Replacement
 - 1.4..... Improvement or Upgrade
 - 1.5..... Alteration of a Crossing
 - 1.6..... Roadway Improvement (Reconstruction and 3R) Projects
 - 1.7..... Roadway Maintenance (SHRM and Federal Preventive Maintenance) Projects
 - 1.8..... Safety Projects
- 17-30-5Highway Improvement Programs
 - 5.1..... General
 - 5.2..... Unique Agreement Provisions
- Attachment 5.1..... Sample Agreement for Highway-Railroad Grade Crossing Surface - Highway Improvement Program
- 17-30-10WisDOT Safety Project
 - 10.1..... Background
- Attachment 10.1..... Sample Agreement for Highway-Railroad Grade Crossing Surface - WisDOT Safety Project
- 17-30-15STH Surface Repair Program
 - 15.1..... Introduction
 - 15.2..... Process
 - 15.3..... Limits of Cost Participation
 - 15.4..... Charging Costs
- Attachment 15.1..... Process for a Crossing Repair Fund Project (No Federal Funds)

Attachment 15.2.....Sample Agreement for a Railroad Crossing Repair Fund Project

Section 17-35 Crossing Closure and Consolidation

- 17-35-1Overview
 - 1.1.....Background
 - 1.2.....Guidance
 - 1.3.....Options
 - 1.4.....Incentives
 - 1.5.....Process
 - 1.6.....Payment

Attachment 1.1.....Crossing Closure Incentive Payment Project Process

Section 17-40 Separation Projects

- 17-40-1Overview
 - 1.1.....General
 - 1.2.....Lead Times
 - 1.3.....Submittals for Railroad Coordination
- Attachment 1.1.....Process When the Railroad is Willing to Sign the Stipulation
- Attachment 1.2.....Process When the Railroad is Unwilling to Sign the Stipulation
- Attachment 1.3.....Process For <23' Vertical Clearance
- Attachment 1.4.....Separated Grade Railroad Project Submittal Package
- 17-40-5Structure Criteria/Justification
 - 5.1.....Options
 - 5.2.....General Criteria
 - 5.3.....Other Criteria
 - 5.4.....Railroad Participation in Costs
 - 5.5.....Analysis of Alternatives
 - 5.6.....Selected Alternative.
- 17-40-10Alternatives to Structures
 - 10.1.....General
 - 10.2.....Create an At-Grade Crossing
 - 10.3.....Highway Relocation
 - 10.4.....Railroad Relocation
 - 10.5.....Crossing Closure
- 17-40-15Bridge Replacement Program
- 17-40-20Structure Agreements
 - 20.1.....General
 - 20.2.....Stipulation Process
 - 20.3.....Agreement for Railroad Force Work
 - 20.4.....Structures on The Local System
- 17-40-25Costs/Cost Sharing
 - 25.1.....Background
 - 25.2.....Railroad Participation
 - 25.3.....Projects on the Local System
 - 25.4.....Current Practice in Cost Sharing
 - 25.5.....5 – Options-Grade Separations
 - 25.6.....Summary
 - 25.7.....Conclusions
- 17-40-30Structure on Local System
 - 30.1.....General
 - 30.2.....Interim Design Memo
 - 30.3.....Alternative Selection
- 17-40-35Underpass Structures
 - 35.1.....General
 - 35.2.....Underpass Structures
 - 35.3.....Maintaining Railroad Traffic During Underpass Construction
 - 35.4.....False Work Bridge
- Attachment 35.1.....General Shoo-Fly Case

- 17-40-40Miscellaneous Structure Provisions
 - 40.1.....Excessive Clearances
 - 40.2.....Additional Track Space
 - 40.3.....Crash Protection

Section 17-45 Other Safety Funded Projects

- 17-45-1Railroad Stopping Lanes
- 17-45-5Roadway Treatments at Closures
- 17-45-10Humpback and Sag Crossings
- 17-45-15Track Removals and Modifications
- 17-45-20Enhancement Projects
 - 20.1.....Historical Preservation
 - 20.2.....Bike and Pedestrian Crossings
- 17-45-25Exempt Crossings
 - 25.1.....Background
 - 25.2.....Criteria for Selection
 - 25.3.....Summary
 - 25.4.....Exempt Signing
- Attachment 25.1....Exempt Railroad Crossing Process

Section 17-50 Contract Administration

- 17-50-1General
 - 1.1.....Introduction
 - 1.2.....Cost Principles
- 17-50-5Railroad Protective Liability Insurance
 - 5.1.....Background
 - 5.2.....When to Provide Insurance
 - 5.3.....Leased Lines
 - 5.4.....Operating Rights
 - 5.5.....Special Provisions

Section 17-55 Property

- 17-55-1General
 - 1.1.....Background
 - 1.2.....Entering Railroad Lands
 - 1.3.....Indemnification
- 17-55-5Acquisitions
 - 5.1.....Background
- 17-55-10Responsibilities for Acquisitions
 - 10.1.....Acquisition
 - 10.2.....Responsibility for Property Negotiations
 - 10.3.....What's Needed
- 17-55-15Determining Compensation
 - 15.1.....Classification of Railroad Right of Way and Lands
 - 15.2.....Procedure for Determining Compensation
 - 15.3.....Easement Valuation
 - 15.4.....Administrative Revisions

Section 17-60 Design Considerations

- 17-60-1Locating New Highway - Railroad Grade Crossings
 - 1.1.....Introduction
 - 1.2.....Location Considerations
 - 1.3.....Roadways Paralleling Railroads
 - 1.4.....Roadways Near Railroads
- 17-60-5Grade Crossing Design
 - 5.1.....Surveys and Plans
 - 5.2.....Visibility and Sight Distances
 - 5.3.....Profile
 - 5.4.....Track Raises
 - 5.5.....Approaches
 - 5.6.....Welded Rails
 - 5.7.....Drainage and Crossing Stability
- Attachment 5.1.....Examples of Allowable Roadway Grade Variation
- Attachment 5.2.....Runout Distance D on Approach to Track
- 17-60-10Railroad Design Considerations

- 10.1.....General
- 10.2.....Clearance Considerations
- 10.3.....Statutory Clearances
- 10.4.....Clearances Desired by Railroad
- 10.5.....Temporary Clearances
- 17-60-15Signing at Crossings
 - 15.1.....Introduction
 - 15.2.....Railroad Crossing Signs
 - 15.3.....Pavement Markings
 - 15.4.....Stop Signs and Yield Signs
 - 15.5.....“Tracks Out of Service” Signs
 - 15.6....."Exempt" Signs
- 17-60-20Warning Devices and Systems
 - 20.1.....Introduction:
 - 20.2.....Train Activated Signals
 - 20.3.....Control Equipment
 - 20.4.....Placement of Signs and Signals
 - 20.5.....Protection of Signals
 - Attachment 20.1....Flashing Light Signals, Side of Road - Rural and Urban Roadway
- 17-60-25Pre-emption/Interconnects
 - 25.1.....Preemption/Interconnection of Traffic Control Signals
- 17-60-30Crossing Surface Types
 - 30.1.....General
 - 30.2.....Current Standard Crossing Surface
 - 30.3.....Selecting A Crossing Surface
- 17-60-35Miscellaneous
 - 35.1.....Controlled Train Movements
 - 35.2.....Lighting Crossings
 - 35.3.....Other Safety Devices
- 17-60-40High-Speed Passenger Rail
 - Attachment 40.1....Midwest Regional Rail Initiative, Wisconsin's Portion
- 17-60-45Transverse Facility Crossings
 - 45.1.....General
 - 45.2.....Public Utilities vs. Highway Appurtenances
 - 45.3.....State vs Private Railroad Corridors
 - 45.4.....Installation
 - 45.5.....References
 - Attachment 45.1....Transverse Facility Decision Process Flow Chart
 - Attachment 45.2....Sample Railroad Notification Letter
